

Coming in October 2024...

STEMsail

Four days of experiments and things to build at your location plus sailing on Friday

- See the wind
- Build a boat
- Make a simple machine
- Hoist a sail, fly a wing

Steer the boat and trim the sails..the sailboats we use cannot tip over. Four participants plus your RYC guide. Youth life jackets provided.. We sail rain or shine..

Interested?

Parents must sign the permission slip by Oct 2

Forms also available at center. Return to center or to davidmanderson2@gmail.com
